

Corporation Board – Scheme of Delegation

Purpose:

The purpose of this Scheme of Delegation is to set out how the Corporation Board distinguishes between matters reserved exclusively for Board approval or decision, and those delegated to committees or individuals.

General:

When delegating authority, the Board should remember that, whilst it can delegate the performance of its functions, the Board itself retains overall responsibility and accountability. It is therefore essential that the Board has the appropriate checks and balances in place to ensure that functions are being exercised effectively and appropriately and in accordance with the delegated authority.

When delegating authority, the Board must have due regard to legislation and terms and conditions of funding.

The Scheme of Delegation should also take account of internal documents e.g. financial regulations and which set out levels of delegation relating to financial or other matters.
