#### **T/253 Higher Education – Registration with Office for Students (OfS)**

The report was presented by the Assistant Principal – Standards and Performance.

The Assistant Principal noted that the College had obtained registration with the Office for Students with no conditions attached to registration. Nevertheless, there were a few areas that the registration team had suggested some work for the College, including amending its governing document to refer to freedom of speech.

The Chair noted his appreciation to those across the organisation that had been involved in the submission.

*The report and registration with the OfS were noted.*

#### **T/254 Centres for Excellence in Maths Project**

The report was presented by the Deputy Principal – Curriculum and Quality.

The Deputy Principal advised the Committee that the College was mainly involved in project work relating to the data and technology and mastery themes, as the other two themes were being led centrally by Nottingham Trent University.

The Committee was advised that being a centre for excellence was about disseminating locally the work being done nationally, rather than necessarily being a centre of excellence.

In response to a question from a member, the Committee was advised that positive impacts on the College from being involved would include the enhanced resources it would receive and the greater opportunities it would have for disseminating the positive outputs of resource within its organisation. The Committee was advised that risks to the College had been mitigated by recruiting two extra teachers to augment team, therefore preventing existing teachers from being overloaded. All teachers were benefitting from the learning and CPD coming from the project.

*The report was noted.*

#### **T/255 Any Other Business**

There was no other business.

#### **T/256 Date of the next meeting**

The date of the next meeting is Wednesday 26 June 2019 at 4pm.
